

NOVARIS

RIS FOR LIFE

Choose Life – NovaRIS for Life.

NovaRIS is the last RIS you will ever buy. With free lifetime upgrades your RIS will never need to be outmoded, obsolete, or incompatible. As we continue to improve and perfect NovaRIS, upgrades are yours at no cost to you – for life. NovaRIS was created to improve the efficiency of your workflow with a user friendly interface. NovaRIS will streamline your workflow, providing time stamps, tracking, and reports for every aspect of your process.

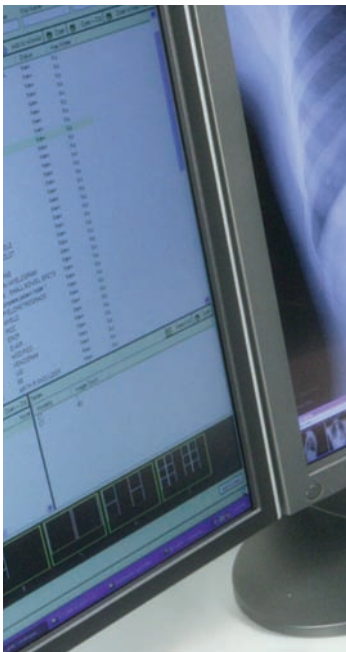

With Novarad's unique pricing structure, NovaRIS is affordable and comes with unlimited user licenses. NovaRIS is completely web-based and runs on your existing workstation hardware. And it's from Novarad – which means it will be your RIS for life.

**FREE
LIFETIME
UPGRADES**

Feature rich NovaRIS provides your radiology department with . . .

- Drag and drop web-based scheduling, workflow tracking, order entry, interfaces, reports, dictation, and voice recognition.
- Referring physician exam requests and orders entered from their offices go directly into NovaRIS.
- Reports are auto distributed to referring physicians with your preference of print, e-mail, and/or fax.
- Alert pop-ups for billing and insurance preauthorizations, contraindications by patient, prep instructions, and exam order.
- The transcription module includes foot pedal control, playback, dictation, and editing within the RIS.
- Also included are patient reminder letters, e-sign, auto refresh of technologist screen for easy patient tracking, and many other user-friendly features.

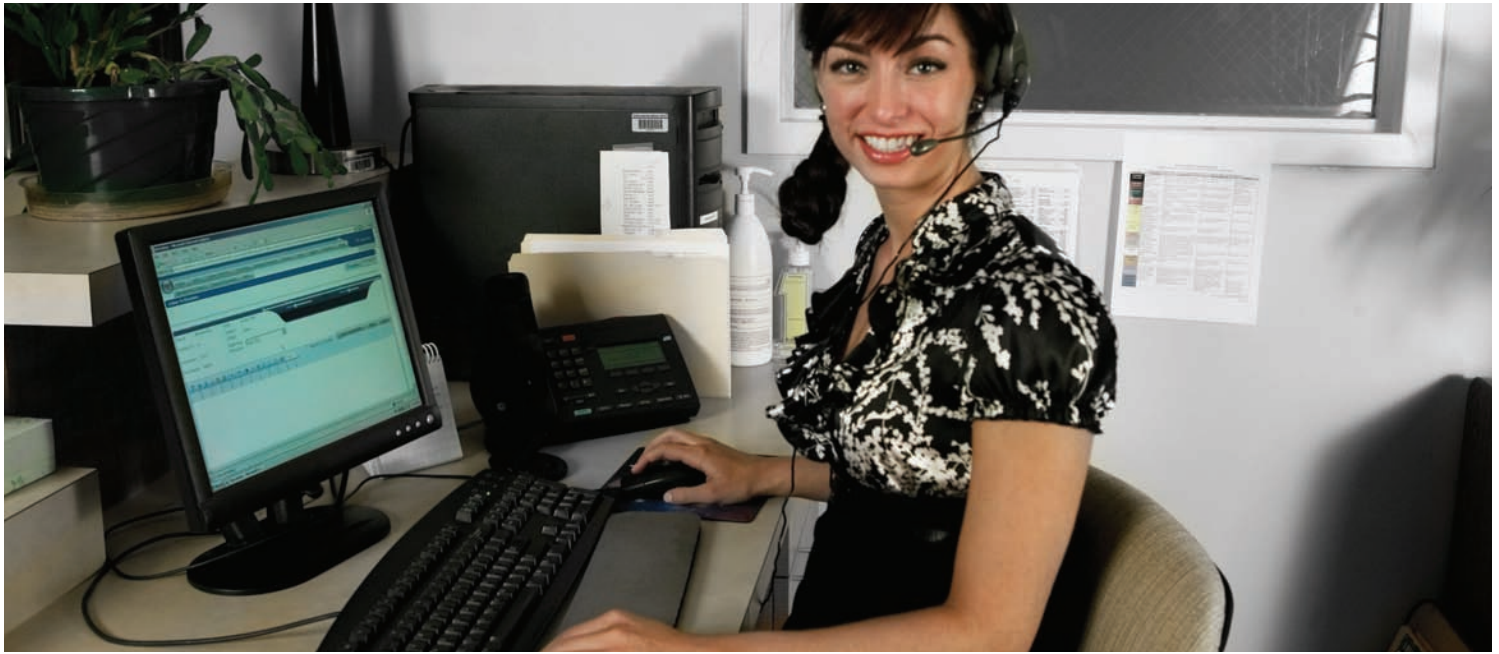

Tech Force 24/7

With NovaRIS you become part of an exclusive group – RIS serviced by Novarad Tech Force 24/7, the best service department in the industry – answering your service calls within 5 minutes, 97% of the time.*
RIS for life – we mean it, and we back it up.

* Based on actual statistical data.

What our customers are saying about NovaRIS

Delaware Diagnostic, Wilmington, DE

Amy Baker RT (R) (MR), Clinical Coordinator

"NovaRIS really helps us manage the information for our facilities and is a great reference tool. The document scan feature helps with handling and storing files. We use NovaRIS as our only scheduler."

Pemiscot Memorial Health Systems, Hayti, MO

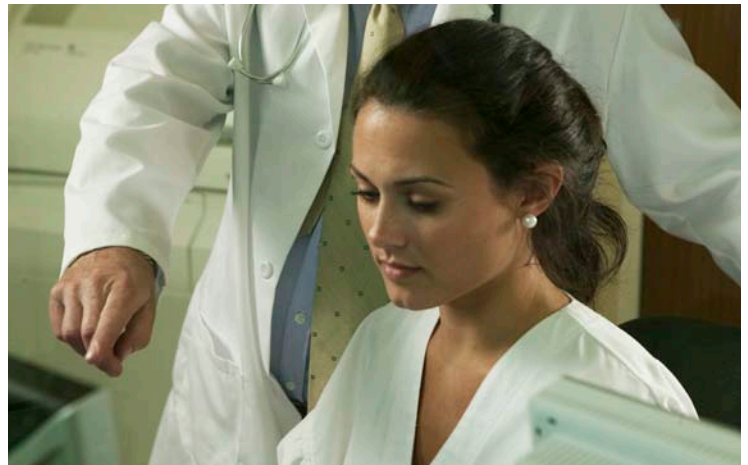

James Shuburte, Director

"Since installing NovaRIS, all our processes are more efficient and we have been able to cut our workflow time from days to hours. The RIS has eliminated the time and resource-consuming tasks of retrieving folders and pulling archived films. Now, everything is easily accessible on the computer by a single person, which has freed staff to focus on other activities in the department. NovaRIS is also easy to learn and intuitive to use. And when we do have a service need, Novarad's support team is always available and its remote monitoring capability enables any issue to be addressed immediately."

Central Ohio Primary Care, Columbus, OH

Steve Saeger BS, RT, Imaging Services Manager

"The Novarad system's ability to integrate into our other existing systems allows us to utilize the full functionality of our PACS/RIS to improve overall efficiencies. Novarad has a proven affordable product that can adapt as quickly and easily as our company expands and can provide the best healthcare solution for any size organization."

ACCURATE. HONEST. IMPARTIAL.

NovaRIS is ranked #1 in the 2008

"Top 20 Best in KLAS Awards: Software and Professional Services" report for Community Radiology.

NovaRIS, ranked #1 in the KLAS 2009 Report

February 2009, "Revival of RIS" for Community RIS.

NovaRIS is ranked #1 in the KLAS 2010 Report

August 2009, for Community Hospitals.

WHAT DO WE MEAN WHEN WE SAY RIS FOR LIFE?

Exactly that. NovaRIS will be the last RIS you will ever buy. With Novarad NovaRIS you get . . .

- Absolutely full-featured viewer; robust and scalable. Always improving, to remain one of the best products available.
- Continuous upgrades. All upgrades included at no additional fee so that you can always afford to stay current.
- Continued affordability with no extra fees, increases only related to inflation, and fair pricing practices.
- Continued improvement in interface technology to allow you to interface to new products.
- Reasonable prices on new interfaces now and in the future.
- The best support in the industry. Novarad Tech Force available 24/7 for quick resolutions to any concern.
- A stable RIS/PACS company that is debt free and able to withstand economic storms.
- A company with management who is committed to you as a customer, to this industry, and to making healthcare more affordable.

16

HISTORY

16 years of the highest quality radiology products.

PRODUCTS

Full range of RIS & PACS products for any radiology department.

PERFORMANCE

Most PACS systems installed in the US, 650 installations world wide.

PRICE

Free lifetime upgrades, unique pricing structures and a quick ROI.

IT

IHE, DICOM, HIPAA compliant. Excellent support team.

PRICING

The NovaRIS pricing model is specifically designed to help hospitals and radiology centers realize a remarkably fast return on their investment. All software and hardware is included in a single price, and fees are based on a subscription model corresponding to a customer's annual image load. Customers normally achieve a return on their NovaRIS investment.
